need any additional solvents for degreasing. For higher powers it is recommended to combine this product with a nonionic degreasing agent like **Munipal 642** up to 1.5%. It is mainly used for high greasy skins like Sheep.

The recommended dosage is:

1.5 - 2.0 %	(Pickled wt.)	Sheep
0.3 - 0.6 %	(Pickled wt.)	Goat
0.2 - 0.5 %	(Pickled wt.)	Cow

Storage Conditions

The product should be well sealed and must be stored in covered area between 5-25°C. Freezing and direct sun light must be avoided.

Applications & Recommendations

Munipal DGS degreases the hides/skins by its high penetration effect in all types of pickled and wet-blue processing with a very high degreasing property for removing excess fats and impurities during degreasing and chrome tanning. Due to the solvent content, it does not
