<b>Safety</b>	According to the best of our experience, it does not have any harmful effect on health
<b>Packing</b>	25 KG PE Bags
<b>Shelf life</b>	1 year

### Storage Conditions

The product should be well sealed and must be stored in covered area between 5-25°C. Freezing and direct sun light must be avoided.

### Applications & Recommendations

**Munitan MAB** is suitable for all kinds of leathers and to ensure that the good light-fastness can be achieved with this product, it is necessary to make sure that the other used chemicals such as syntans and fatliquors are lightfast as well.

Also, it can be used as a neutralizing syntan in the rechrome bath. In this case the fullness of leather will improve.

The dosage of consumption is 2-4% (based on the wet blue shaved weight).
